QUESTIONS FROM THE PUBLIC

Q: Will this new bylaw do anything about the mechanical property south of Harrison?

A: This issue is being discussed at an in-camera meeting of council.

Q: Please review implementation of paid parking for Lillooet Avenue as well.

Q: Why is your letter aimed at hotels and hotel guests when staff and restaurant staff park on Esplanade Avenue as well? Instead of a letter, just enforce the bylaw.

Q: Would you consider the proposal for converting the donated Kingma area to paid parking for boat trailers in the future? Then there will be more spots for vehicles on the front street.

A: Thank you, that situation can be discussed.

Q: Why is the Beach Hotel parking lot mostly vacant?

A: I don't have an answer for you.

Q: Why have we lost the parking on the east side of St. Alice to construction? The fences are still up even though construction is not currently happening.

A: The process is moving forward.

Q: Why is it taking so long to bring pay parking up when we are already into tourist season? Why can't Lillooet Ave have angled parking on the other side as well?

A: Lillooet Avenue is a Provincial Highway, so the angled parking is up to them.

Q: Does the Unsightly Bylaw apply to businesses? What is wrong with Harrison Pool, there is a lot of maintenance outside to be done.

A: Yes it does. We will look into that.

Subject: Fraser Health: Redevelopment of Royal Columbian Hospital set to begin
Attachments: RCH Redevelopment Project Overview May 2015.pdf

Dear Mayor,

This afternoon the Minister of Health announced business plan approval for phase one of the redevelopment of Royal Columbian Hospital. This includes a \$249.8 million commitment from the Province and \$9.1 million from the Royal Columbian Hospital Foundation. Phase one includes a new mental health and substance use facility, with more outpatient clinics and Fraser Health's first dedicated geriatric psychiatry unit for seniors with acute mental health concerns. Also included in phase one is an energy centre, new parking, plus work to prepare the campus for further expansion. Redevelopment construction will begin this fall.

Fraser Health will also proceed to the next step for phases two and three, which includes producing a business plan that outlines final scope, cost, indicative design, and schedules required to complete the redevelopment. Phases two and three include a new acute care tower, more beds, a new and larger emergency department, more operating rooms, renovations to existing spaces, and parking.

When the full redevelopment is complete you and your community will benefit from more cardiac, trauma, mental health, maternity and neonatal intensive care services and beds.

Royal Columbian Hospital is a vital referral centre and regional centre of excellence for trauma, critical care, cardiac care, maternity, neonatal intensive care and neurosurgery. As BC's oldest hospital, and one of its busiest, it provides expert care for the most seriously ill or injured, and is one of two adult trauma centres in the Lower Mainland. In 2014, Royal Columbian Hospital performed more open heart surgeries than any other hospital in BC.

The press release can be viewed at <http://news.fraserhealth.ca/News/May-2015/rch-redevelopment.aspx> and I've attached the Project Overview, which includes additional information on the redevelopment. If you have any questions, please don't hesitate to let me know.

Dear Mr. Mayor,

I want to take a moment to update you on two recent announcements that support patient care and health planning in your community.

On Monday, the Minister of Health announced the investment of an additional \$10 million to increase surgical capacity throughout the province this year, including increasing surgical slates in the coming months for patients who have waited more than 40 weeks for surgery. We are pleased to support this announcement that puts patients at the centre of health care decisions.

This funding will allow Fraser Health surgeons to perform up to an additional 500 surgeries over the summer and many more throughout the year. We are anticipating completing a total of 2,300 additional surgeries at Fraser Health hospitals by the end of the year.

These surgeries are in addition to the more than 88,000 surgeries performed in Fraser Health hospitals each year. Most importantly, this is great news for patients who have been waiting for surgeries such as cataracts, hernia, gall bladder and orthopedics.

The second announcement took place on Tuesday with the release of results for the *My Health, My Community* survey. The survey data, gathered in partnership with Vancouver Coastal Health, has been compiled into community profiles, and provides a snapshot of each community's health and wellbeing.

With 33,000 responses, this is the largest community health survey ever conducted in B.C. and it is a fantastic resource for communities and health care providers.

Your community profile is now available online and can be found on the *My Health, My Community* [website](#). This valuable information will help guide our future planning in each community.

I hope this information will be beneficial to you and your team.

Sincerely,

Michael Marchbank
President and CEO

VILLAGE OF HARRISON HOT SPRINGS

REPORT TO COUNCIL

TO: Mayor and Council **DATE:** June 10, 2015

FROM: Lisa Grant **FILE:** 8500-04
 Manager of Development and Community Services

SUBJECT: Bus Shelter Program (BC Transit)

ISSUE:

Bus shelter replacement and upgrade of the existing bus stop on the corner of Esplanade Avenue and St. Alice Street.

BACKGROUND:

Bus service in Harrison Hot Springs is provided by BC Transit. While the bus loops through our Village, the primary stop is located on the corner of Esplanade Avenue and St. Alice Street. Previously the idea of upgrading the bus stop to include a shelter has been discussed and a budget of \$7,500 was allocated in the 2015 Budget.

DISCUSSION:

BC Transit offers a transit shelter program that provides partial funding for bus shelters in communities serviced by the transit provider. Under this program, the Village is able to access partial funding (46.7% covered by the Province/ 53.3% Village portion), access to BC Transit's suppliers and installation costs are included in the shelter costs. Attachment A provides an overview of the shelter styles and costs.

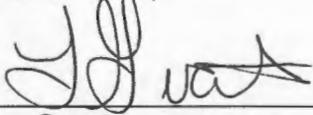

Ideally, a type 3 shelter will best suit the needs of our community. A type 3 shelter provides additional protection from the weather than a cantilevered style that has a roof and back. Due to the proximity to the lake and the winds, a shelter with greater weather protection best suits our needs.

Should Council resolve to move forward with an application for a bus shelter under the BC Transit program, the shelter will be an asset of BC Transit. However, the ongoing maintenance, upkeep, safety and liability for the shelter will be the responsibility of the Village.

RECOMMENDATION:

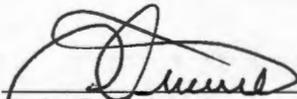

THAT the Village submits an application to BC Transit's "Transit Shelter Program" for the replacement and upgrade of the bus stop located on the corner of Esplanade Avenue and St. Alice Street.

Staff is proposing that grant funds be used for the Bandstand Revitalization Project. This is a project that was planned (in concept) as part of Phase 2 of the Esplanade Avenue Streetscape Improvement Project.

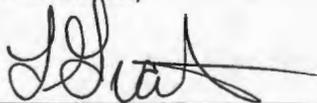

The bandstand is a popular gathering location that hosts community events and weddings throughout the year. While the bandstand has functioned well over the years, certain improvements will provide greater sense of place and act as an anchor on the waterfront that connects this area with the streetscape improvements along Esplanade Avenue. A high level concept is provided for your information in Attachment A.

We are proposing a budget of \$148,000 for this project. Therefore we will be seeking a grant of \$74,000. Staff has verified RMI funds can be used for our 50% contribution. By seeking this grant for the bandstand revitalization project, funds from the grant will offset some of the RMI costs for this project, and will enable us to utilize these funds for another smaller project as the 2017 deadline approaches.

RECOMMENDATION:

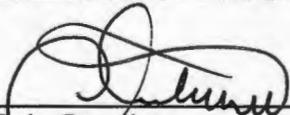

THAT the Village submit a Canada 150 Community Infrastructure Program application to fund the Bandstand Revitalization Project.
